

Design Software Installation Instructions

(Instructions may vary depending on operating system)

1. Select *Download* Design Software
2. You will be asked to *Open* or *Save* the *ultrawall_setup.zip* file – Choose either option – you may want to save file to the desktop.
3. Double click to open the *Ultrawall_Setup* file
4. Click *Run*
5. Follow instructions making any changes and clicking - *Next*.
6. Once installed, there will be a new desktop icon. Double click on the icon to open the program, a message appears that the trial period has expired and you will need to register. Complete all fields of the registration, agree to terms and select *Email*. If you are NOT using Outlook for email you will need to manually attach the registration file. Go to (Libraries/Documents/My Documents/Ultrawall) and copy the registration file (Ultrawall.Regfile). Send this file in an email to ultrawall@ultrablock.com
7. After the file is received and processed, you will receive a return email with a license file. There is no need to open this file. Simply copy or save it to the folder - (Libraries/Documents/My Documents/Ultrawall).
8. You should now have access to the software. The license is valid for a select period of time so you may need to re-register in an effort to keep up with the most current version.

If you have questions with installation or with the use of the program please contact our main office.

Thank you for your interest!
